

Public Notice

NCDOT will be repairing the bridge on Dial Street

Beginning Wednesday, May 26, 2021 NC DOT will begin repair on the bridge on Dial Street. In order to do this NC DOT will shut off the water main on Dial Street. This will affect Dial Street and the 1000 block of Turner over to Coldwater Street. It will be off for approximately 4 – 8 hours.

When it is turned back on please call me at 704-754-2549 if your water is not clear when you run it.

Thank you for your patience in this matter as NC DOT repairs the bridge.

Sincerely,

Chris Ritchie

Water Manager
